BEATSON RESEARCH and DEVELOPMENT FUND 2022

Beatson Cancer Charity is keen to provide opportunities for developing projects and initiatives within the Beatson West of Scotland Cancer Centre and support its wider reach across Glasgow and the West of Scotland.

As a result the charity, in partnership with the Beatson West of Scotland Cancer Centre, has launched this open call Beatson Research and Development Fund which will support the enhancement of vital cancer research projects, critical infrastructure and patient services.

- **The Fund is open to applications and will close on the 16th September 2022.**
- **This funding can be used to support small, medium and large projects.**
- **The maximum amount an applicant can apply for is £150,000.**

The fund may support projects such as:

- **Fixed-term staff posts**
- **Clinical Fellowships**
- **Proof-of-concept research projects**
- **PhD Research Projects**
- **Research equipment**
- **Medical equipment**
- **Ward enhancements**
